#### III. Educational Reports

A. Finance - Audit Presentation with Kellie Bowden – Our Auditor reviewed the audit details ending June 2019 with the board.

B. Principal 's Report: In addition to the report which outlines current enrollment figures and the Student of the Month recipients who were recognized before we moved to remote learning, over 200 meals are being delivered daily; academics that aren't delivered electronically are delivered on the bus runs. I have applied for additional funding through a grant to support our food service and I have submitted numbers to the Dept. of Ed. of our students who still need computers and internet access. As of today, I still don't know when the state will be providing us with needed technology but in the meantime, teachers have been preparing packets for any student without a device or internet access. Our support staff is working on essential jobs here at school and trainings at home. The staff is permitted in the building at this time for essential work only. I am very proud of the outstanding job our entire team has done in meeting the challenges we are facing in educating our students remotely and I am especially proud of our students for all their efforts while they are sheltered at home.

- XI. Chairman's Report: Educational expenses brought on during COVID-19 need to be tracked for possible reimbursement from the Stimulus package.
- XIII. Other – Continuous updates are available on the school's website, through our Robo call system and by home/mail deliveries.
- XIV. Next proposed BUDGET meeting date: Wednesday, April 29, 2020 @ 7:00 PM
- XV. Adjournment

Moved: KM
