Purpose

The purpose of this handbook is to acquaint students and their parents with the basic rules and expectations for our students attending the Helen S. Dunn School. While this handbook addresses many situations commonly encountered in our school, it cannot predict everything and will serve as a general guide. This handbook will be updated annually but is continually subject to change without notice as we address new situations. We hope that you will find this guide useful as you become better accustomed to the operations of our school.

In the unlikely event that there is a conflict between school board policy and the contents of this handbook, school board policy will govern the situation. Policies are subject to change upon school committee action.

Everything in this handbook applies to students in grades pre-kindergarten through eighth grade unless specified by grade level.

Terminology

In this handbook, the word “parent” also means *guardian*; “principal” also includes his/her *designee*; the term “school” includes all *school facilities* or *school-sponsored activities* on or off school grounds. The term “visitor” applies to *any person on school grounds or in the school building who is not an employee*. The term “instructional time” shall refer to *all of the time between the hours of 7:15 AM and 1:45 PM on a day when school is in session*.

Helen S. Dunn School

Mission and Vision for Students

MISSION

Our district's mission is to prepare all students for college, career, and life readiness by providing a rigorous curriculum that is relevant to students' lives in a safe, supportive, and nurturing environment. To achieve this mission, the faculty and staff commit to preparing students to become:

Clear and Effective Communicators who construct and convey meaning for a variety of purposes and through a variety of modes.

Self-Directed Learners who understand the importance of embracing and nurturing continuous intellectual growth and curiosity.

Creative and Practical Problem Solvers who are skilled at gathering information, analyzing and evaluating data, applying knowledge, and assessing evidence in order to persist in problem-solving, create solutions, and/or deepen understanding.

Responsible and Involved Citizens who acknowledge, and respond actively and constructively to the diversity, complexity, and dynamic nature of our community and our world.

Integrative and Informed Thinkers who are skilled at using complex reasoning, making important connections, and formulating and answering thoughtful questions.

VISION

The Helen S Dunn Elementary School is a place where pride and excellence are demonstrated daily and all students will have the opportunity to receive high-quality instruction and to pursue a personally challenging and rigorous educational program. Each student will build a solid base of knowledge and skills to become college-ready, career-ready, and life-ready.

Contacting Staff via E-mail

Most staff members check their email at least once per day, and this is a very effective method of staying in contact with them. In order to obtain a staff member's email address, simply take the first letter of their first name and add it to their last name. The remainder of the e-mail address will be @hsdgreenbush.org. For example, to get in touch with Mrs. Smith via email, her address would be: gsmith@hsdgreenbush.org

VISITORS

Only persons with an educational purpose or with legitimate business may visit Helen S. Dunn School during school hours. Students are not allowed to bring students from other schools as visitors without the Principal's consent. All parents and visitors must sign in at the main office and wear the visitor's badge while in the school until 2:06 PM. Visitors are expected to sign out and return the badge when leaving the school. Visitors are expected to leave promptly when their business is completed. The Principal is empowered to take action against non-students who are on school grounds. This action includes the right to call the police. *During COVID 19, visitors are restricted to emergency needs only.*

TELEPHONE CALLS

Students may use the school phones for emergencies only. This does not include calling home for permissions or arranging for securing items left at home. Students are encouraged to gather belongings prior to coming to school and prior to leaving. The office staff reserves the right to limit the use of the phone at all times. Students are not permitted to use cell phones during school or bring electronics to the classroom other than those provided by the school.

NO SCHOOL ANNOUNCEMENTS

In the event that school is canceled due to weather/road conditions, announcements will be made through WABI and the BlackboardConnect phone system as long as an electrical outage is not in effect.

INVITATIONS

We ask that students not distribute invitations at school to avoid hurting the feelings of those students who might not receive an invitation.

NEWSLETTERS

Events will be published on our website at <http://hsdgreenbush.org> and in classroom newsletters.

SCHOOL BUSES

A school bus driver assumes a large amount of responsibility. They are responsible for the safe transportation of students to and from school, and they are also the authority over passengers on the bus. They will require all students to follow certain standards of behavior. Misbehavior on the bus may result in a loss of privileges for riding the bus or suspension from the bus altogether. Once students are delivered to the school grounds by bus, they are to proceed immediately inside the building.

CYR BUS TRANSPORTATION

Transportation for all Greenbush School students and for Old Town High School students is provided by Cyr Bus Lines. Cyr Bus Lines requests that you contact them immediately at 827-2335 if you have questions or concerns about the busses or if you have any changes in student pick up or drop off schedules.

BUS BEHAVIOR AND EXPECTATIONS

Student behavior is explained in the simplest of terms by the following statement, “CLASSROOM BEHAVIOR IS EXPECTED ON THE SCHOOL BUSES AS WELL AS IN THE CLASSROOM.” Safety is important before, after, and during the bus ride.

Before being picked up

Stay in the driveway or yard away from the road

Wear lighter-colored clothing during the winter months. It is hard for motorists to see children in dark clothing. Do not approach the school bus until the driver signals for you to do so. Students who must cross the highway must do so only after the driver gives them permission/signal to do so. Students then go immediately to a seat.

During the bus ride

Find seats as quickly as possible and remain seated, facing forward with your back to the seat cushion until the bus comes to a complete stop. Keep the aisle clear of bags, books, and all other objects. Do not move from seat to seat. Talk in a reasonable manner and do not make loud noises. Nothing is allowed outside of the bus through a window, including arms, legs, or head. No prohibited substances (tobacco, drugs, alcohol, etc.) are allowed on the bus.

After the bus ride

Do not leave the seat until the bus is completely stopped. Go directly into your driveway or yard. Do not stop to pick up mail from the bus or to pet the family pet. If you must cross the road, do so only after walking in front of the bus to let the driver see you through the windshield (approximately 10-ft). Only cross in front of the bus after the driver signals you with a (Thumbs up!)

Cyr Bus Lines wishes to provide a quality service to students, parents, and taxpayers. We will attempt to accommodate your request taking into consideration factors of time, load counts, and safety. If you wish your child to be dropped off at a stop other than his/her specified stop, we must receive a permission slip to do so. This should be done through the school office so school staff also have prior knowledge of the whereabouts of your child. Please call Cyr Bus Lines with any questions about routes or times.

BUSES LOADING & UNLOADING AT SCHOOL

IMPORTANT! Passing a loaded school bus when school is in session and when the red lights are flashing on IS AGAINST MAINE STATE LAW. All such instances will be reported to the proper authorities for possible prosecution. Thank you for keeping our students safe.

SCHOOL SUPPLIES

School supplies, books, and equipment that are loaned to students at the beginning of the year or semester become a student's responsibility. Parents can be expected to be billed for supplies, books, or equipment that are either not returned, or returned in much worse shape than when they were issued to the student.

HOT LUNCH PROGRAM

All students at the Helen S. Dunn School will be provided free breakfast and lunch during the 2021-22 school year per federal government waivers. However, it remains essential that families complete and submits the school nutrition application since this affects the federal funding we receive for student programming.

Prices without the Waiver that may return in the future:

APPLICATIONS AND PRICES- Prices are subject to change

Breakfast is available to all students at the following prices:

\$ 1.25 – full-price student breakfast (\$1.50 for adults)

\$.00 – reduced price student breakfast

\$.35 – milk for students with cold lunch or snack

Hot Lunch is available to all students at the following rates:

\$2.60 - full-price student lunch (\$4.50 for adults)

\$.00 - reduced price student lunch

\$.35 - milk for students with cold lunch or a snack

Each child will receive a packet containing a hot lunch application for free or reduced-price meals. Income guidelines for reduced-price meals are printed on the application. If you are not sure whether you would qualify, complete the application. All applications are confidential by law. **It is extremely important that each child return a completed application or the cover letter signed by a parent.** If you know you do not qualify for free or reduced lunches, or choose not to apply, simply write "Not Applying" on the application itself, and return it to school promptly so we can verify that every family has seen the documents. Thank you for your assistance with this important matter.

Children may choose to bring a cold lunch from home. All children K-8 eat lunch in the cafeteria. Chocolate milk is available as well as white milk for lunch and snack time. If you do not wish to have your child buy chocolate milk, please discuss this with your child and if necessary, inform your child's teacher of your wishes.

Hot lunch meals are sold each Monday or on the first school day of the week. **Please have your children buy lunches for the week on Monday** (on years without the waiver). Menus are sent home monthly and posted on the school website. If you have any questions concerning the hot lunch program, please call Barbara Ouellette @ 826-2000.

MEDICATIONS

If it is necessary for a student to take any form of medication at school, a signed medication permission form from a parent/guardian must be presented and the following requirements must be met:

Prescription Medications:

1. First dose of any medication must be given at home unless needed during school hours.
2. The medication must be in the original container with a prescription label including student's name, drug identity, dosage instructions, doctor's name, and prescription date.
3. The prescription must be current.
4. A note, dated and signed by the parent, must accompany the medication, which lists the child's name, dosage/amount, specific dosage times, and other instructions if necessary.

Medication is given by trained school personnel and is kept locked in the office.

Non-prescription Medications:

1. The drug must be in the original container and be clearly identified as to the name and type of medication. The dosage instructions must also be provided.
2. A note, signed and dated by the parent, giving the student's name, medication name, and dosage instructions must accompany the medication.
3. All medication is to be kept locked in the office and will be administered by trained school personnel.

STUDENT INFORMATION

Student data information will be given to legal authority if requested without parent or student consent.

GUIDANCE

The purpose of a guidance counselor is to see that each individual student is aided in making a satisfactory academic and social adjustment to the program offerings at the Helen S. Dunn School. Therefore, he/she is concerned with the courses students are taking, grades, extra-curricular activities, the manner in which they interact with other students and staff, and their plans for the future.

Every student has access to the Guidance Counselor. The Guidance Counselor for all grades is available three days a week during regular school hours. Any student may request an appointment with the Guidance Counselor from their classroom teacher, nurse, or principal. Emergencies that arise occasionally throughout the day may take priority.

GENERAL ATTENDANCE EXPECTATIONS

Helen S. Dunn School expects all students to be in attendance at all times in order to move toward graduation. Under state law, there are only five reasons that a student may be absent from school. They are:

1. Personal illness
2. An appointment made with a health professional that must be made during the school day.
3. Observance of a recognized religious holiday when the observance is required during the regular school day.
4. A family emergency
5. A planned absence for a personal or educational purpose that has been pre-approved by the administration.

In the case of any absence, a note must accompany the student to school in order for their absence to be considered excused. Students are responsible to make up for all missed work from absences.

Maine State Law, §5051-A. Truancy reads:

1. Truant. A student is truant if the student is subject to section 5001-A and:
 - A. [2007, c. 304, §5 (RP).]
 - B. Has completed grade 6 and has the equivalent of 10 full days of unexcused absences or 7 consecutive school days of unexcused absences during a school year; or [2007, c. 304, §5 (AMD).]
 - C. Is at least 7 years of age and has not completed grade 6 and has the equivalent of 7 full days of unexcused absences or 5 consecutive school days of unexcused absences during a school year. [2007, c. 304, §5 (NEW).] [2011, c. 614, §13 (AMD) .]

EARLY DISMISSAL

Students should never leave school without obtaining permission from the homeroom teacher and the main office staff.

If a student intends to be excused from school during the day, parents are to contact the main office and make the request either by written note or by phone. Students will only be dismissed to adults listed on the emergency form when a parent cannot be reached.

A student will NOT be granted permission to leave school without prior parental permission. Anyone leaving the school building without permission may be subject to disciplinary procedures up to and including suspension from school.

No staff member shall excuse any student from school prior to the end of the school day or into any person's custody, without the direct and prior approval and knowledge of the Principal or the Office Staff.

TARDINESS

One of the many important lessons that we attempt to instill in our students is the importance of being on time. As they proceed through Helen S. Dunn School and get ready for high school and life after high school, they will need to gain a better handle on this all-important lesson.

Students reporting to school after 7:35 a.m. should **report directly to the main office** with a note from a parent.

Special consideration may be given to students who arrive late on school days due to travel conditions or documented medical appointments.

CLASS ATTENDANCE

For grades 6 through 8, each teacher will take class attendance at the beginning of every period. It is the student's responsibility to be in the classroom at the beginning of class. Failure to report for a particular class is a serious situation and will be handled as such. Students who do not report to a class after a reasonable period of time, and do not have permission from the teacher to be absent from class may be subject to further disciplinary action.

Parent Request for Information about Teacher Qualifications

Each school year, any parent who has a child attending any school receiving Title I funds may request and receive, in a timely manner, information regarding the professional qualifications of the student's classroom teachers. In addition, the parents may also ask whether the child is provided services by a paraprofessional and, if so, his or her qualifications.

HOMEWORK

Philosophy:

Homework is a natural extension of the classroom. Homework also provides needed practice and review to ensure student understanding, learning, and mastery of the subject. Students must be responsible for all homework assigned. All work produced by students must meet "quality standards" established and taught in the classroom. Teachers will collaborate to ensure that a fair amount of homework is requested and that major projects do not overlap.

Note: The homework policy is in the back of this student handbook.

ACCOUNTABILITY

All students are expected to complete homework. Teachers will develop their own procedures for unfinished homework.

QUALITY AND FREQUENCY

Class time will be provided to record homework and receive help from teachers. Minimal homework will be assigned over vacations and weekends. Teachers will coordinate long-term assignments to avoid overlapping projects.

Teachers will establish and teach standards of what is acceptable quality. Students will be responsible to meet quality standards. Major projects will be designed to include instruction to teach students skills in time management, organization, and "breaking down" the assignment into small steps.

INCOMPLETE GRADES

In extreme cases, a grade of "Incomplete" may be given to students who have not completed their work in the prescribed time at the end of the quarter [*Examples of the need for this include, but are not limited to: an extended illness, a family emergency, or an unusual circumstance*]. This work must be completed by the closing date of the next 'progress report.' If this does not occur, the incomplete grade will be changed to a failing grade.

STUDY HALLS

Study Hall is a place to study. Students are to use the study hall as an opportunity to complete academic work. Students are encouraged to use their time wisely.

The following rules and regulations will be in effect in all study halls:

1. Students scheduled for study hall are to report on time with sufficient materials to work for the entire period.
2. Students are to be seated prior to the beginning of class and work quietly throughout the period.
3. Students with passes to leave study hall may do so with permission after attendance is taken.
4. Students will not be allowed to sleep or play non-educational electronic games during study hall.
5. Students who violate study hall rules will be subject to disciplinary action determined appropriate by the supervising teacher.
6. Students who obtain a pass from study hall to report to the Library must return to the study hall before class ends.
7. Students are not permitted to use cell phones during school or bring electronics to the classroom other than those provided by the school.

STUDENT/PARENT EXPECTATIONS FOR VIRTUAL MEETINGS

1. Students will be expected to follow scheduled times and stay logged into classes until the session is completed. 2. Attendance will be taken at each virtual session. 3. Students are encouraged to have their cameras on during classes. 4. Students will be expected to engage and turn their audio on to participate in discussions or answer questions. 5. To respect the privacy of other students in the class meetings, parents are encouraged to treat these sessions like a “normal” in-person class where they would not be present and to observe other boundaries of a regular instructional day/session. 6. Recording of sessions is not allowed due to student privacy. 7. Students are expected to act in a respectful and courteous manner with teachers and fellow students at all times during virtual classes.

HALL PASSES

Grade 6-8 students are encouraged to arrive at class ready to work with all necessary materials. In addition, students have ample time between classes to get a drink or use the restroom, if necessary. Students should leave classes on very rare occasions.

Each teacher has only one pass per gender and will allow only one student per gender to leave class at a time. The amount of time that a student is missing from class with a pass will be monitored, and should rarely extend beyond 5 to 8 minutes.

EXTRACURRICULAR ACTIVITIES

It is our belief at Helen S. Dunn School that some of the most important learning times for a developing student happen not in the classroom, but on the athletic fields, courts, and in club gatherings. We encourage all students to take part in all that Helen S. Dunn has to offer. ***During COVID 19, we will follow state recommendations and CDC Guidelines concerning how/if sports can be held or if modifications will need to be announced.***

Physical forms may be obtained by the Physical Education teacher or on the school's website. The school does not provide physicals. Please review the detailed extra-curricular policy in the back of this handbook.

EXPECTATIONS FOR STUDENT BEHAVIOR

Authority of Staff

The administration, guidance counselors, teachers, and all staff of the school are vested with legal public authority on school grounds and at school events. Refusal on the part of the student to respect authority shall be considered as insubordinate conduct and dealt with as outlined in the discipline procedure.

Personal Appearance

Helen S. Dunn recognizes that the responsibility for the dress and appearance of students rests primarily with individual students and their parents. This responsibility will not be interfered with unless the personal choices of students create a disruptive influence on the school program, causes serious disruption to the learning environment, or affects the health and safety of students. In keeping with the goal of the school to provide a safe, healthy, and non-discriminatory environment, the following restrictions on the dress will be enforced on school grounds, at school functions, or on school-sponsored transportation:

- A. Clothing worn in such a way as to reveal underwear or bare skin between the upper chest and mid-thigh is not permissible. Shorts for boys and girls must be worn at mid-thigh or longer. Clothing not permitted would include, but not be limited to one-shoulder strap shirts, low-cut tops, spaghetti straps, halters, midriff tops, tube tops, muscle shirts, athletic shorts, or shorts above mid-thigh. In addition, pants should be worn at the waist and not allowed to fall in order to reveal undergarments.
- B. Clothing with displays that are deemed by the administration as sexual, lewd, vulgar, indecent, or include insulting words or gestures are not to be worn. This includes slang, which may be interpreted as any of the above.
- C. Clothing with displays that are racially inflammatory or violate the Greenbush School Board discrimination or harassment policies are not to be worn. This includes slang which may be interpreted as any of the above.
- D. Clothing that is destructive of school property (cleats, pants with metal inserts) is not permitted.
- E. Clothing that displays and promotes the use of tobacco, alcohol, or other illegal activity may not be worn.
- F. Students must wear some form of footwear at all times. Please consider the safety of your child on the playground.
- G. Students are not allowed to wear hats or hoods inside the building during instructional time in the classrooms, except on "hats permitted" days.
- H. Sunglasses may not be worn in the building.

** The school staff or administration may require special clothing for health and safety reasons for students participating in Physical Education, certain extra-curricular activities, and specific academic activities.

*** **The school administration maintains the authority to determine what is appropriate school attire based on the above criteria. As a result, students may be asked to change into alternative clothing or return home if they report to school in attire that is not deemed appropriate for school.**

Public Displays of Affection

Public displays of physical affection are not appropriate for the school setting. Students are expected to respect the personal space of others by keeping their hands to themselves and act appropriately during school and school-related activities. Failure to comply will result in disciplinary action.

School Dance Expectations: This section is included if/when we resume school dances.

6th through 8th-grade dances will have the following guidelines:

1. Open to Helen S. Dunn students only.
2. Anyone who leaves the dance will not be permitted to return.
3. The same standard for appropriate dress in school will also be applied to school dances.
4. Groups wishing to organize a dance must have an appropriate number of chaperones and turn in the necessary paperwork to the Principal two weeks prior to the planned date of the event.
5. The administration/designee reserves the right to deny admission to a school dance based on a student's behavior.
6. Students who have been absent "unexcused" on the day of the dance or are under suspension on the day of the dance are not eligible to attend.
7. All students will be held to the same standards of behavior that are appropriate during school.
8. Lewd, suggestive, or sexually explicit dancing will not be allowed.

Cheating and Plagiarism

All forms of cheating and plagiarism are prohibited. Behavior that is unacceptable includes, but is not limited to:

1. copying another student's work
2. working with others on projects that are meant to be done individually
3. looking at or copying another student's test or quiz
4. allowing another student to look at or copy answers from your test or quiz
5. using any other method to get/give test or quiz answers
6. taking a test or quiz in part or in whole to use or to give to others

7. copying information from a source without giving the source appropriate credit
8. taking papers from other students, publications, or the internet

If you are unclear if your behavior is an example of cheating or plagiarism, you are encouraged to check with your teacher.

Students who are found to be in violation of this standard of conduct will be disciplined on a case by case basis. Disciplinary measures include, but are not limited to, re-doing the work, receiving a “zero” or failing grade for the assignment, detention, or suspension.

Wireless Telecommunication Devices (Cell Phones)

Helen S. Dunn School understands that cell phones and other wireless telecommunication devices may be used on the commute to and from school, and are important tools to keep our students safe. However, their potential to cause problems at school is endless. They are not necessary for safety during the school day, and their use will not be allowed.

Students may not use any wireless telecommunication devices from the time of their arrival in the morning until school is dismissed unless permitted by the teacher for educational purposes. (7:15 AM to 1:45 PM) Examples of these devices include but are not limited to cell phones and laptops.

Cell phones shall not be heard, worn, or at any time visible while in school. Students who cannot abide by these expectations will have their device confiscated by the teacher or staff member witnessing the infraction.

Food and Drink

Food and drink are to be consumed in designated areas only. Students should not be in the halls with food or drink during instructional time. During instructional time, teachers will allow bottled water to be consumed. Students will not be allowed to consume carbonated beverages including, but not limited to soda, energy drinks, etc. Water bottles are available for students this year.

Gum, Candy, Snacks...

Due to the extra custodial cleaning that is required, chewing gum is not allowed in school unless included in a student’s learning plan. Snacks are prohibited during regular class periods unless ordered by a physician.

Sports Equipment

At certain times of the year, sports equipment can be brought to school for use after school during athletic practices. The expectation is that students will leave all equipment in their locker, and make no attempt to use the equipment during the school day. If they are used during the school day, the item will be confiscated and returned to a parent.

Students who bring skateboards, scooters, in-line skates or any shoes with wheels to school are expected to keep them in their lockers until the end of the school day when they leave. If they are used during the day, they will be confiscated and returned to a parent. **The school will not assume responsibility for damaged or missing items.**

Prohibited Items

All devices including, but not limited to, electronic games, laser pointers, game cards, etc. are prohibited during school hours. If they must be brought to school, they should be stored in a student's locker or backpack during the day. If a student has one of these prohibited items in his/her possession, it will be confiscated and returned to the parent upon the reasonable assurance that it will not return to school.

Students are discouraged from bringing large amounts of money or expensive items to school. It is impossible to guarantee their safety during the day, and **the school will not assume responsibility for damaged or missing items.**

Lockers

Student lockers are school property and are assigned to the students at the beginning of the school year for the safekeeping of books, clothing, and other school supplies. Locks of any kind are not permitted on student lockers. **The administration retains the right to search and inspect the contents of school lockers at any time without notice. There should be no expectation of privacy for students in regard to lockers or other storage devices which are the property of the school.**

PLAYGROUND PROCEDURES AND EXPECTATIONS:

IT IS OUR BELIEF THAT ANY ACTIVITY WHICH CAUSES OR COULD CAUSE PHYSICAL OR EMOTIONAL INJURY TO ANOTHER IS UNACCEPTABLE. THE FOLLOWING RULES HAVE BEEN WRITTEN TO AID SUPERVISING STAFF IN ENSURING A SAFE AND HAPPY PLAYGROUND AND A SUCCESSFUL CLASSROOM EXPERIENCE FOR ALL STUDENTS. STUDENTS WHO DO NOT FOLLOW THE RULES WILL LOSE PLAYGROUND PRIVILEGES.

1. Objects may not be thrown.
2. Hard balls, such as baseballs or softballs, are prohibited.
3. Knives or other weapons may not be brought to school. Toy guns are not acceptable as part of playground or classroom play.
4. Running through other organized game areas is prohibited.
5. Students must remain on the tar or on the mowed area of the playground.
6. Students must stay in assigned areas outlined by duty teachers.
7. Students must remain in sight of the duty teachers at all times and may not leave the playground without permission.
8. Students will refrain from teasing other students.
9. Grabbing other people or their clothing, hitting, spitting, kicking, tripping, pushing,

fighting, or play fighting, etc. is not acceptable.

10. Students must report disputes to the duty teacher so he/she can help resolve problems. Please stress this with your child.

12. Playground equipment could be suspended for all general education classes pending an increase in COVID 19 cases.

***Please read carefully the accompanying policies governing homework and behavioral expectations. These policies carefully explain our expectations and will be strictly followed.

DISCIPLINE POLICY

Students must be responsible for their behavior. The Helen S. Dunn School believes that self-discipline and the use of appropriate disciplinary consequences are an integral part of education and necessary for personal development.

Inappropriate Behavior: Fighting, stealing, lying, using derogatory language (verbal and/or written), swearing, disrespect to teachers and other adults, removal from class, bringing unsafe items to school, skipping school, cheating, misuse of building and materials, poor manners, harassment, and other unacceptable behavior will not be tolerated.

Consequences: If an infraction occurs, consequences may include a Stop n' Think conferencing, a telephone call to parents, a parent meeting, removal from class, detention(s), removal from an extracurricular team or event, in-school or out-of-school suspension, or expulsion. All students are subject to consequences if warranted by their behavior.

DETENTION

Assigned detention can be served the day of the infraction, with parental notification and approval. All Detentions should be served within a 24 hour period. Detention is held from 2:15 – 3:15 PM. A late bus is available to transport students home after detention.

Assigned detention time will be served with the student doing appropriate work. Detention students will receive a written 24-hour notice from the teacher unless special arrangements are made by telephone between the teacher and the parent. If a student has detention from two teachers on the same night, it will be the student's responsibility to make proper arrangements with teachers.

Any student who skips detention will be assigned a second detention and the teacher will contact the parent immediately. This is an “unexcused” occurrence. If skipping detention continues, the parent will engage in an online conference with the teacher and the principal.

SUSPENSION

Students may be suspended (in-school or out-of-school) when an act is deemed of a serious enough nature or if a violation of the probation period occurs. Consideration is given to the student's discipline and is based on the degree of the problem affecting the rights of other students to learn. The immediate out-of-school suspension will occur for smoking or vaping (in the building, on grounds during school, or extracurricular functions), the use or possession of alcohol or drugs, or acts that infringe on the smooth operation of the school and/or safety of pupils and staff. No student will be allowed to disrupt learning in the classroom. Parents or guardians will be notified of the action taken. They will be responsible for custody and jurisdiction of their child during the suspension. A suspended student may return to school only after the administration is satisfied that the student can abide by school regulations. Students may make up all work for full credit.

Students may not participate in any school activity during suspension or be permitted on school grounds. An online parent conference may be required by the school administrator before the student will be readmitted to school.

Asbestos Statement

ASBESTOS LETTER TO PARENTS:

To: Staff, Students & Parents

Date: September

RE: ASBESTOS

The Greenbush School was tested for asbestos in 1988 as mandated by the Asbestos Hazard Emergency Response Act (AHEARA). These inspections revealed the presence of asbestos in the Helen S. Dunn School. A written asbestos management plan was developed as the result of this initial inspection. Among other things, the plan identifies asbestos containing materials, corresponding health hazards assessments, prioritization for removal or abatement, and requires that this letter be sent to you annually. This management plan is available for your inspection at the school or the Superintendent's office during regular office hours.

Most of the asbestos has been removed during the completed renovations of 1988. The remaining asbestos was enclosed or encapsulated and represents no health hazard to the building occupants.

The school was re-inspected in November, 1991, November, 1994, November, 1997, and again in November, 2000. In addition, we are required to do periodic surveillance inspections every six months to be sure no changes have occurred that would require any action between the three-year inspections.

In addition, the Maine Department of Environmental Protection periodically inspects the building and our management plan to ensure that the building is in compliance with applicable regulations.

During the 2020-2021 school year, all remaining asbestos in the building was removed and quartz tile was used to replace the product.

We are confident that the building is safe and will remain safe for all occupants. We would be happy to answer any questions you may have. You can call the office of the Superintendent at 826-2000.

PESTICIDE STATEMENT:

Pest Control

Because pesticides pose risks, the school uses an alternative approach to merely applying pesticides. Control of insects, rodents, and weeds are our school focuses on making the school buildings and grounds an unfavorable place for pests to live and breed. Through maintenance and cleaning, we will reduce or eliminate available food and water sources and hiding places for the pest. We will also routinely monitor the school area to detect pest problems and prevent the pests from becoming established. Some techniques we will use include pest monitoring, pest exclusion, proper food storage, pest removal and –as a last resort- pesticides. This holistic approach is often called Integrated Pest Management (IPM).

Pesticide Use

Sometimes pesticide use may be necessary to control a pest problem. When that happens, the school will use the lowest risk products available. If higher risk pesticides must be used, notices will be posted at application sites and parents, guardians and staff have a right to know.

Your Right To Know

Parents, legal guardians, and school staff will be notified of specific pesticide applications made at the school. Notification will be given at least five days before planned pesticide applications during the regular school year. In addition, for pesticides applied any time during the year, notices will also be posted in the school and on school grounds two working days before until 48 hours after the application. Notification need not be given for pesticide applications recognized by law to pose little or no risk of exposure to children or staff.

The school also keeps records of prior pesticide applications and information about the pesticides used. You may review these records, a copy of the School's Integrated Pest Management Policy and the Pesticides in Schools regulation (CMR 01-026 Chapter 27) by contacting our IPM coordinator, Ella Smart, at 826-2000 Ext. 227

If you have any questions, please contact Ella Smart. For further information about pest, pesticides and your right to know, call the Board of Pesticide Control at 207-287-2731 or visit the Maine School IPM website at https://www.maine.gov/dacf/php/integrated_pest_management/school/index.shtml

Selected School Board Policies

The following is not intended to be a comprehensive view of the school board policies governing Helen S. Dunn students. Policies are periodically reviewed or amended. Please see a full list of policies on the school's website.

File: JICH

SUBSTANCE ABUSE

I. Goals. The GREENBUSH Substance Abuse Policy has the following purposes:

1. To discourage students from using illegal substances during their school years. Early use of drugs, tobacco, and alcohol are associated with higher rates of substance addiction and abuse later in life; higher rates of suicide and adolescent injuries and death; and poor academic performance.
2. To encourage students who have made poor choices to use illegal substances to come forward, accept responsibility, and get help where needed.
3. To build a sense of pride and positive spirit among those who participate in the GREENBUSH schools' extracurricular program, as well as a positive public perception of GREENBUSH High School's teams and performance groups.
4. To reinforce and support the learning in our schools' Health curriculum and the values of our community and the majority of our parents who recognize the health and safety dangers of substance use by young people.

II. Connection to Code of Ethical and Responsible Behavior. This Substance Abuse policy reflects and seeks to reinforce each of the core ethical concepts:

- *Respect.* Having the respect for self that will lead to right decisions
- *Honesty.* Giving one's word to the school, its advisors, and coaches to abide by this policy, and following through on that word.
- *Compassion.* Using this policy as an instrument to refer students who are in difficulty with illegal substances to get needed help and reducing the consequence for those who choose this route.
- *Fairness.* Achieving a balance between the offense and the consequence.
- *Responsibility.* Accepting the consequences of one's actions and accepting the responsibilities to others that are inherent in membership on a school team or activity.
- *Courage.* Giving young people a reason to say "no" in the face of peer pressure and reinforcing those courageous decisions.
- *Humility.* Being willing to admit one's mistakes and accept help from others when in trouble.

III. Prevention. The school department will provide students with information and activities focused on prevention of the use of alcohol and drugs.

IV. Intervention. The school department will establish and provide assistance, through our Guidance Counselor and/or Nurse, to intervene with students who are involved with drugs and/or alcohol. Students are to be assisted in addressing their harmful involvement with drugs and alcohol and in continuing in their educational programs. Moreover, information and referral

will be provided, as appropriate, to aid involved students and the parents of involved students in connecting with community agencies for drug and alcohol use treatment. In addition to other consequences provided for, all students who violate this policy shall be referred to a social worker or guidance counselor for appropriate information gathering, counseling, and suggestions for further treatment. The student shall be required to attend such meetings as the nurse or guidance counselor deems to be in the student's best interest.

V. Covered Activities. This policy shall apply to all students on school grounds or at any school-sponsored events on or off school grounds.

Additionally, this policy is built on a recognition that participation in school extracurricular activities, holding leadership positions in school activities and student government, and receiving school recognition are privileges, not rights. In each case, students are held out by the school or perceived by the public as representing the GREENBUSH schools. Accordingly, this policy shall apply to:

- All students involved in student government,
- All students involved in interscholastic competitions of any sort, including but not limited to athletics; and
- All students involved in extracurricular activities involving major public performances, including but not limited to Drama and Concerts.

VI. Prohibited Conduct. The following conduct is prohibited under this policy.

- Students shall not use, sell, furnish, or be in possession or under the influence of any product containing tobacco or alcohol.
- Nor will a student manufacture, sell, furnish, possess, use, or be under the influence of any narcotic drug, amphetamine, barbiturate, marijuana, anabolic steroid, or prescription drug (unless the student has a lawful prescription for that drug and is using it in the manner prescribed); or any other controlled substance defined in federal and state laws/regulations; any look-alike substance; or any substance that is represented to be a controlled substance.
- Nor will any student be in possession of any paraphernalia associated with the use of such substances, the possession of which is a violation of law.
- Nor will any student host, voluntarily or involuntarily, a gathering at his/her home where prohibited activities in violation of this policy take place unless the student and/or his parents/guardians immediately contact the police to bring such a gathering to an end.

VII. Investigation and Evidence to Support Conclusion of Violation. It shall be the responsibility of the administration to investigate thoroughly any allegations or information concerning possible violations of this policy on school grounds or at school sponsored events. It shall be the responsibility of the administration to conduct a limited, reasonable investigation of any other possible violations where information concerning those violations is received from the police or is received from an adult source who consents to have his/her name used in connection with the investigation, but not in other cases. It is understood that information is sufficient to support a finding of a violation if the information gathered indicates that it is

more probable than not that a violation occurred. In all cases where a violation is found to have occurred, a parent/guardian shall be contacted by a school administrator.

VIII. Disseminating Information About This Policy/Collecting Signed Acknowledgments of Understanding. The athletic department shall schedule a mandatory pre-season meeting for parents and students before the beginning of each season. At least a portion of that meeting will involve coaches meeting with students and parents and, among other things, reinforcing the terms of this policy. At each of these meetings, the coach shall collect a rules acknowledgment form at the end of this meeting signed by both student and parent. The coach shall turn these forms into the Athletic office. Attendance at this meeting and submission of the signed acknowledgment form is a condition of participation in athletics for that season.

Submission of a Non-Athletic Extracurricular Activity Acknowledgement form, signed by both student and parent, is also a condition of participation in any non-athletic group covered by this policy. This form shall be mailed home with the summer mailing, and shall be made available in other ways that make it accessible to parents. At the beginning of each activity, advisors shall meet with the students who are members of their activity and shall reinforce the terms of this policy with the group.

IX. Consequences for Violations

Students shall be assigned the following consequences for violations of this policy:

A. SUSPENSION FROM SCHOOL AND REFERRAL TO POLICE. For any offense on school grounds or at a school-sponsored activity on or off school grounds, students shall be suspended from school and referred to the police. The length of suspension shall be as follows:

Possession and Use Violations on School Grounds or at School Events

1st offense in a School Year. Four days, except the suspension will be reduced to two days if (a) the student agrees to see the school's social worker for as many visits as the social worker deems necessary and to follow any recommendations of the social worker regarding the student's substance use and (b) the student agrees to perform community service during the days of suspension as assigned by a school administrator

2nd offense in a School Year. Eight days.

3rd offense in a School Year. Ten days. The student shall also be referred to the Superintendent for consideration of possible expulsion.

Furnishing and Trafficking Violations (Excluding Tobacco Offenses) on School Grounds or at School Events

Ten days. The student shall also be referred to the Superintendent for consideration of possible expulsion.

B. SUSPENSION FROM COVERED ACTIVITY. Students shall forfeit their privilege to participate in competitions or performances in covered activities in accordance with the

following schedule.

1st offense within a calendar year, Self Reporting. If a student or parent/guardian reports a violation to a school administrator within 48 hours of its occurrence, the student shall not forfeit the privilege of participating in any competitions or performances. The student shall be referred to meet with a substance abuse counselor, social worker, or guidance counselor, as available, for as many meetings as the substance abuse counselor, social worker, or guidance counselor deems appropriate and necessary. In order to continue eligibility to participate in the covered activity, the student is required to implement any plans that the substance abuse counselor, social worker, or guidance counselor recommends to the student and parent.

In the event of a first violation that is reported via a self-referral, the consequence for the student's second offense will be the consequence provided below for a first violation, without self-referral; for the third offense, the consequence will be that provided below for a second offense; and for the fourth offense, the consequence will be as provided below for a third offense.

1st offense in a calendar year, without self-report. In the absence of a self-report to a school administrator, the student shall forfeit the privilege to participate as follows:

- Athletics. The next two countable contests if the team has fewer than ten total contests in a season excluding playoffs, or the next four countable contests if the team has ten or more countable contests in a season, excluding playoffs. If the student is not involved in a covered athletic activity at the time of the violation, this consequence will carry over to the next athletic team on which the student does participate.
- Other Covered Activities. The next two competitions or major performances of all activities in which the student is actively involved at the time of the violation. If the student is not actively involved in any non-covered activities at the time of the violation, then this consequence will carry over and apply to the next two non-athletic covered activities in which the student is involved.

2nd Offense in a calendar year. Students who violate this policy the second time in a school year shall forfeit the privilege to participate as follows:

- Athletics. The remainder of the athletic season. If there are fewer than eight/four countable contests remaining in the season at the time of the violation, then this consequence shall carry over to the next athletic season in which the student is involved so that the total consequence involves a minimum of eight/four countable contests.
- Other Covered Activities. All competitions and/or major public performances of covered activities for the next three months.

3rd Offense in a calendar year. Students who violate this policy the third time in a school year shall forfeit the privilege to participate in all covered activities for the remainder of the school year.

C. LOSS OF LEADERSHIP POSITIONS AND/OR SCHOOL RECOGNITIONS. Students who violate this policy who are elected or appointed school leaders or eligible for major, end-of-year school recognitions or scholarships or membership in the National Honor Society will be subject to the following additional consequences:

1st offense. Loss of athletic team captaincy.

2nd offense in school year. Loss of any elected or appointed leadership positions and eligibility for all major, end-of-year school recognitions or scholarships or membership in the National Honor Society for the remainder of the school year.

3rd offense cumulatively. Loss of any elected or appointed leadership positions and eligibility for all major, end-of-year school recognitions or scholarships or membership in the National Honor Society for the remainder of the student's career in that school.

D. EDUCATION CHECKLIST

All first-time violators of this policy shall be required to complete an information checklist related to the legal, insurance, and other consequences of substance use and abuse. Completion of the checklist may require the student to interview law enforcement, insurance or other officials about these consequences. This checklist must be completed to the satisfaction of the school administration before the student is allowed again to participate in any performances or competitions.

WEAPONS, VIOLENCE, BULLYING AND SCHOOL SAFETY - JICIA

The School Board believes that students and staff are entitled to learn and work in a school environment free of violence, threats, bullying and other disruptive behavior. Students are expected to conduct themselves with respect for others and in accordance with Board policies, school rules, reasonable unwritten behavior expectations, and applicable state and federal laws.

School staff are required to immediately report incidents of prohibited conduct by students to the building administrator for investigation and appropriate action. Students who are subjected to or observe prohibited conduct are strongly encouraged to report it to a staff member or administrator.

Prohibited Conduct

Students are prohibited from engaging in the following conduct on school property, while in attendance at school or at any other school-sponsored activity, or at any time or place that such conduct directly interferes with the operations, discipline or general welfare of the school:

- A. Possession and/or use of articles commonly used or designed to

inflict bodily harm and/or to threaten, intimidate, coerce or harass another person. Examples of such articles include but are not limited to firearms, BB guns, pellet guns, any other kind of gun, ammunition, explosives, cross-bows, brass knuckles, switchblades, knives, chains, clubs, Kung Fu stars and nunchucks;

- E. Willful and malicious damage to school or personal property;
- F. Stealing or attempting to steal school or personal property;
- G. Bullying behavior, including unwanted physical contact, acts or communications of any kind that:
 - 1. damage a student's property; place a student in reasonable fear of physical harm and/or damage to his/her property; and/or disrupt the instructional program or the orderly operation of the school; and/or
 - 2. is so severe that it creates a hostile educational environment for the student who is bullied.
- H. Lewd, indecent or obscene acts or expressions of any kind;
- I. Violations of the school unit's drug/alcohol and tobacco policies;

- K. Any other conduct that may be harmful to persons or property.

No weapons may be used in instructional programs or brought to school without the prior approval of the Superintendent or his/her designee and implementation of safeguards appropriate to the particular activity.

Disciplinary Action

Building administrators may discipline, suspend and/or recommend expulsion of students who violate this policy based upon the facts of each case and in accordance with applicable state and federal laws. Conduct which violates this policy is deliberately disobedient and deliberately disorderly within the meaning of 20-A M.R.S.A. §1001(9) and will be grounds for expulsion if found necessary for the peace and usefulness of the school. Such conduct may also be grounds for expulsion under other provisions of 20-A M.R.S.A. §1001 (9 and 9-A) that specifically prohibit the use and possession of weapons, infractions of violence, and possession, furnishing and trafficking of scheduled drugs.

Students who are found to have brought a firearm or to have possessed a firearm at a school (as both terms are defined by federal law), shall be expelled for a period of not less than one year, unless this requirement is modified by the Superintendent on a case-by-case basis in writing.

All firearms violations shall be referred to law enforcement authorities as required by law. Other violations of this policy shall be referred to law enforcement authorities at the discretion of the Superintendent.

Students with disabilities shall be disciplined in accordance with applicable federal and state laws/regulations and Board Policy JKF.

Psychological Evaluation/Risk Assessment

The Superintendent is authorized to request a psychological evaluation of a student who violates this policy when, in his/her opinion, such an evaluation will assist in assessing the risk the student poses to school safety if the student were to remain in school.

All such evaluations shall be performed at the school unit's expense.

If the parents/guardians and/or student refuse to permit a requested psychological evaluation, the Superintendent and the Board may draw any reasonable inferences from the student's behavior concerning the risk the student poses to school safety for purposes of determining appropriate action.

NOTE: The Maine law on bullying requires the State to provide local school units with training modules on bullying/harassment and other guidelines to implement bullying policies. Local Boards may want to consider adding the following paragraph to this policy to address this.

Staff/Student Training and Procedures

The Superintendent is authorized to institute training programs for staff and students designed to prevent bullying and support the goal of providing a safe, orderly and respectful school environment. The Superintendent is also authorized to implement any administrative procedures necessary to carry out this policy.

SYSTEM-WIDE STUDENT CODE OF CONDUCT - JIC

Ethical and responsible student behavior is an essential part of the educational mission of our schools. To that end, the Board has developed this System-Wide Code of Conduct with input from school staff, students, parents and the community. The Code defines our expectations for student behavior and provides the framework for a safe, orderly and respectful learning environment.

Article 1 - Standards for Ethical and Responsible Behavior

The Code of Conduct is intended to support and encourage students to meet the following state-wide standards for ethical and responsible behavior:

- Respect
- Honesty
- Compassion
- Fairness
- Responsibility
- Courage
- Humility

Article 2 - Code of Conduct

All students are expected to comply with the Code of Conduct and all related Board policies and school rules. The Code applies to students:

- on school property,
- while in attendance at school or at any school-sponsored activity, or
- at any time or place that such conduct directly interferes with the operations, discipline or general welfare of the school.

Article 3 - General Behavior Expectations and Discipline Policies

The following expectations for student behavior are fundamental to a safe, orderly and respectful environment in our schools. Each student should:

1. Be courteous to fellow students, staff and visitors.
2. Respect the rights and privileges of other students and school staff.
3. Obey all Board policies and school rules governing student conduct.
4. Follow directions from school staff.
5. Cooperate with staff in maintaining school safety, order and discipline.
6. Attend school regularly.
7. Meet school standards for grooming and dress.
8. Respect the property of others, including school property and facilities.
9. Refrain from cheating or plagiarizing the work of others.
10. Refrain from vulgarity, profanity, obscenity, lewdness, and indecency.

Violations of the Code of Conduct may result in disciplinary action. Disciplinary consequences depend upon the seriousness of the violation and the student's prior disciplinary record. Consequences will range from a verbal warning for minor misconduct up to and including expulsion for the most serious offenses. Behavior that also violates the law may be referred to law enforcement authorities.

See policies:

JK – Student Discipline

JKB – Detention of Students

JKD – Suspension of Students

JKE – Expulsion of Students

Article 4 - Expectations

The following is a summary of the school unit's expectations for student behavior. In many cases, the Board has adopted policies that address these expectations in greater detail. Students, parents and others should refer to the policies and student handbooks for more information about the expectations and consequences. In case of an inconsistency between the Code of Conduct, Board policies and/or school handbooks, Board policies will prevail.

A. Violence and Threats

Students shall not engage in violent or threatening behavior. Prohibited behavior includes fighting, assault and/or battery, taking hostages, threats to commit violence against persons or property, or threats, intimidation, or harassment. Violations may result in disciplinary action up to and including expulsion.

*See policies:
JICIA – Weapons, Violence, Bullying and School Safety
JICIB – Bomb Threats*

B. Weapons

Students shall not possess or use weapons of any kind (examples include but are not limited to firearms, explosives and knives). Students also shall not use any object, although not necessarily designed to be a weapon, to inflict bodily harm and/or to threaten, intimidate, coerce or harass another person (examples include but are not limited to bats, lighters, tools and toy weapons). Firearms violations will result in expulsion in accordance with state and federal statutes; other weapons violations may result in disciplinary action up to and including expulsion.

See policy JICIA – Weapons, Violence, Bullying and School Safety

C. Hazing

Hazing is prohibited. Maine law defines injurious hazing as “any action or situation, including harassing behavior, that recklessly or intentionally endangers the mental or physical health of any school personnel or a student enrolled in a public school.” No student shall plan, encourage, or engage in such activities in connection with any school program or activity, including extracurricular, co-curricular and athletic activities. Students who engage in hazing activities are subject to suspension, expulsion and/or other appropriate disciplinary measures.

See policy ACAD – Hazing

D. Discrimination and Harassment/Sexual Harassment

Students should not discriminate against other students on the basis of race, color, sex, religion, ancestry, national origin or disability. Nor should students harass one another on the basis of race, color, sex, sexual orientation, religion, ancestry, or national origin or disability. Sexual harassment is also prohibited. Harassment is grounds for disciplinary action up to and including expulsion.

Harassment

Harassment includes but is not limited to verbal abuse based on race, color, sex, sexual orientation, religion, ancestry or national origin, or disability. Harassment that rises to the level of physical assault, battery and/or abuse and bullying behavior are also addressed in the Board policy JICIA – Weapons, Violence, Bullying and School Safety.

Sexual Harassment

Harassment/sexual harassment of students by school employees is considered grounds for disciplinary action, up to and including discharge. The Superintendent will determine appropriate sanctions for harassment of students by persons other than school employees and students.

BOMB THREATS - EBCC

The Board recognizes that bomb threats are a significant concern to the school unit. Whether real and carried out or intended as a prank or for some other purpose, a bomb threat represents a

potential danger to the safety and welfare of students and staff and to the integrity of school property. Bomb threats disrupt the instructional program and learning environment and also place significant demands on school financial resources and public safety services. These effects occur even when such threats prove to be false.

Any bomb threat will be regarded as an extremely serious matter and treated accordingly. The Board directs the Superintendent to react promptly and appropriately to information concerning bomb threats and to initiate or recommend suitable disciplinary action.

A. Conduct Prohibited

No person shall make, or communicate by any means, whether verbal or non-verbal, a threat that a bomb has been, or will be, placed on school premises. Because of the potential for evacuation of the schools and other disruption of school operations, placement of a bomb or of a “look-alike” bomb on school premises will be considered a threat for the purpose of this policy.

It is also a violation of Board policy to communicate by any means that any toxic or hazardous substance or material has been placed, or will be placed, on school premises with the intent to endanger the safety and welfare of students or staff and/or to disrupt the operations of the schools. For the purpose of this policy, “toxic or hazardous substance or material” means any material or substance, including biomedical materials or organisms, that, when placed as threatened, could be harmful to humans.

B. Definitions

1. A “bomb” means an explosive, incendiary or poison gas bomb, grenade, rocket, missile, mine, “Molotov cocktail” or other destructive device.
2. A “look-alike bomb” means any apparatus or object that conveys the appearance of a bomb or other destructive device.
3. A “bomb threat” is the communication, by any means, whether verbal or non-verbal, that a bomb has been, or will be, placed on school premises, including possession or placement of a bomb or look-alike bomb on school premises.

C. Development of Bomb Threat Procedures

The superintendent/designee shall be responsible for developing and implementing procedures specific to bomb threats as part of the school district’s Crisis Response Plan. These procedures are intended to inform administrators and staff of appropriate protocols to follow in the event that a bomb threat is received and should include provisions to address:

1. Threat assessment (for the purpose of identifying a response that is in proportion to the threat, in light of what is necessary to ensure safety);
2. Building evacuation and re-entry (including selection of potential alternative sites for those who are evacuated);
3. Incident “command and control” (who is in charge, and when);
4. Communication contacts and mandatory bomb threat reporting;
5. Parent notification process;
6. Training for staff members;
7. Support services for students and staff.

The initial bomb threat procedure will be subject to approval by the Board. The Superintendent/designee will be responsible for overseeing a review or evaluation of bomb threat procedures prior to the Board’s required annual approval of the school district’s Crisis Response Plan, or following implementation of the procedure in response to a specific threat.

D. Reporting of Bomb Threats

A student who learns of a bomb threat or the existence of a bomb on school premises must immediately report such information to a building administrator, teacher, or other employee in position of authority.

An employee of the school district who learns of a bomb threat shall immediately inform the building administrator. The building administrator shall immediately take appropriate steps to protect the safety of students and staff in accordance with the school district’s bomb threat procedure, as developed under Section C, and inform the Superintendent of the threat.

All bomb threats shall be reported immediately to the local law enforcement authority, as provided in the bomb threat procedures.

The Superintendent shall be responsible for reporting any bomb threat to the Department of Education within two business days of the incident. Reports will include the name of the school, the date and time of the threat, the medium used to communicate the threat, and whether or not the perpetrators have been apprehended.

E. Student Disciplinary Consequences

Making a bomb threat is a crime under Maine law. Any student suspected of making a bomb threat shall be reported to law enforcement authorities for investigation and possible prosecution. Apart from any penalties imposed by law, and without regard to the existence or status of criminal charges, a student who makes a bomb

threat shall be subject to disciplinary action by the school.

The administration may suspend and/or recommend for expulsion any student who makes a bomb threat. The making of a bomb threat will be considered deliberately disobedient and deliberately disorderly within the meaning of 20-A M.R.S.A. ¶1001(9) and will be grounds for expulsion if found necessary for the peace and usefulness of the school.

In addition, a student who is found after hearing by the Board to have brought a bomb to school shall be expelled from school for at least one year in accordance with 20-A M.R.S.A. ¶1001(9-A) and policy JICIA, except that the Superintendent may modify the requirement for expulsion based on individual circumstances.

A student who has been identified through the IEP process as having a disability and whose conduct in violation of this policy is related to the disability shall be disciplined as provided in Policy JKF.

F. Aiding Other Students in Making Bomb Threats

A student who knowingly encourages, causes, aids or assists another student in making or communicating a bomb threat shall be subject to the disciplinary consequences described in Section E of this policy.

G. Student Failure to Report a Bomb Threat

A student who fails to report information or knowledge of a bomb threat or the existence of a bomb or other destructive device in a school building or on school property may be subject to disciplinary consequences, which may include suspension and/or expulsion.

H. Staff Disciplinary Consequences

A school system employee who makes or communicates a bomb threat will be reported to appropriate law enforcement authorities and will be subject to disciplinary action up to and including termination of employment. Disciplinary action taken shall be consistent with collective bargaining agreements, other employment agreements and Board policies.

A school system employee who fails to report information or knowledge of a bomb threat or the existence of a bomb or other destructive device in a school building or on school property may be subject to disciplinary consequences

I. Civil Liability

The school district reserves the right to bring suit against any individual responsible for a violation of this policy and to seek restitution and other damages as permitted by law.

J. Lost Instructional Time

Instructional time lost as a result of a bomb threat will be rescheduled at the earliest appropriate opportunity, as determined by the Superintendent in consultation with the Board.

Time lost may be rescheduled on a weekend or vacation day, or after what would normally be the last day of the school year, except on days when schools must be closed as required by law.

K. Notification Through Student Handbook

All student handbooks shall address the school district's bomb threat policy and procedures and explain the educational consequences of bomb threats. In addition, student handbooks shall notify students and parents that bomb threats violate Board policy and civil and criminal law.

SUSPENSION OF STUDENTS - JKD

The School Board delegates to the building administrators the authority to suspend disobedient and disorderly students for a period not to exceed the (10) school days. Suspensions longer than 10 days may be imposed by the Board.

Prior to the suspension, except as hereinafter provided:

- A. The student shall be given oral or written notice of the charge(s) against him/her.
- B. The student shall be given an explanation of the evidence forming the basis for the charge(s); and,

- C. The student shall be given an opportunity to present his/her version of the incident.

However, students whose presence poses a continuing danger to persons or property or an ongoing threat of disrupting the instructional process may be immediately removed from school. In such cases, the notice of charges, explanation of evidence, and the student's opportunity to present his/her version of the incident shall be arranged as soon as practicable after removal of the student from school.

The student's parents/guardians shall be notified of the suspension as soon as practicable by telephone (if possible) and/or by written notice sent by mail. Notice shall be given to the Office of the Superintendent.

HAZING

Maine statute defines injurious hazing as “any action or situation, including harassing behavior, that recklessly or intentionally endangers the mental or physical health of any school personnel or a student enrolled in a public school.”

It is the policy of the Board that injurious hazing activities or any type in connection with any school program or activity, either on or off school property, by any student, staff member, group or organization affiliated with this school district, are inconsistent with the educational process and shall be prohibited at all times.

No administrator, faculty member, or other employees of the school district shall encourage, permit, condone, or tolerate injurious hazing activities. No student, including leaders of student organizations, shall plan, encourage, or engage in injurious hazing activities.

Persons not associated with this school district who fail to abide by this policy may be subject to ejection from school property and/or other measures as may be available under the law.

Administrators, faculty members, students, and all other employees who fail to abide by this policy may be subject to disciplinary action that may include suspension, expulsion, or other appropriate measures. In the case of an organization affiliated with this school district that authorizes hazing, penalties may include rescission of permission for that organization to operate on school property or to receive any other benefit of affiliation with the school district.

These penalties shall be in addition to any civil or criminal penalties to which the violator or organization may be subject.

The Superintendent shall assume responsibility for administering this policy. In the event that an individual or organization disagrees with an action, or lack of action, on the part of the Superintendent as s/he carries out the provisions of this policy, that individual or organization may appeal to the Board. The ruling of the Board, with respect to the provisions of this policy, shall be final.

A copy of this policy shall be included in all school, parent, and employee handbooks or otherwise distributed to all school employees and students.

STUDENT CONDUCT ON BUSES

JICC

The law does not relieve parents of students from the responsibility of supervision before the child boards the bus in the morning and after the child leaves the bus at the end of the school day.

Once a child boards the bus – and only at that time – does s/he become the responsibility of the school system. Such responsibility shall end when the child is delivered to the **assigned** bus stop at the close of the school day.

In view of the fact that a bus is an extension of the classroom, the Board requires children to conduct themselves on the bus in a manner consistent with established standards for classroom behavior. All Board policies and school rules apply to students on school buses.

In cases when a child does not conduct him/herself properly on a bus, such instances are to be brought to the attention of a building administrator by the bus driver. The bus company will inform the parents immediately of the misconduct and request their cooperation in checking the child's behavior.

Children who become a serious disciplinary problem on the school bus may have their riding privileges suspended by the bus company. In such cases, the parents/guardians are responsible for providing safe transportation for their children. Children who violate Board policies and school rules may also be disciplined under the applicable policy and/or rule.
